“European Solidarity March” celebrates the strong ties between Ukraine and Denmark in a time when the Ukrainian people are fighting for freedom and democracy on behalf of Europe and the rest of the free world.

*The piece will be premiered this summer by the Presidential Orchestra in Kyiv and by the Royal Danish Lifeguard in Copenhagen marking the beginning of **the Danish EU presidency**.*

Ukraine and Denmark is part of a strong continent that has experienced difficult times before. Europe must now again regain all its strength by unifying in solidarity to defend our values, our sovereignty and our shared belief in a free and democratic coexistence.

The march is intended as a musical solidarity project where orchestras from all over Europe are invited to perform the music during the Danish presidency from 1. July until 31. December 2025.

*European Solidarity March is composed by the Danish **composer Morten Jessen** in collaboration with the **Danish Embassy in Ukraine**.*
